## Internship Experience

**Full Stack Web Development Intern, Slash Mark IT Solutions Pvt Ltd (Virtual)** **Aug-Sep 2025**

- Assisted in developing the Foodie App frontend, creating a fully responsive and dynamic user interface for restaurant and food ordering.
- Analyzed UI/UX flow and user interactions and presented recommendations to the development team, improving usability and navigation.
- Collaborated with backend developers to integrate REST APIs, ensuring seamless data fetching and dynamic content rendering.
- Managed component state and client-side storage (LocalStorage/SessionStorage), providing smoother user session handling and shopping cart functionality.

**Web Development Intern, EXCELR IT Solutions Pvt Ltd (Virtual)** **Aug-Sep 2024**

- Assisted in developing the Portfolio Website frontend, creating a fully responsive and dynamic user interface for showcase projects and skills.
- Implemented dynamic components such as project galleries and contact forms, improving user engagement and accessibility.
- Collaborated with backend (or API) integration to handle form submissions and manage user inputs effectively.
- Optimized website performance and improved page load speed, ensuring a smooth user experience across devices.
- Managed component state and client-side storage (LocalStorage/SessionStorage), providing smoother user session handling and shopping cart functionality.

## Academic Projects

**Portfolio-Website | HTML, CSS, JavaScript, GitHub Pages** **Aug-Sep 2025**

- Built a responsive personal portfolio website with pages for skills, projects, contact and certifications.
- Added view/download options for internship certificates and linked project GitHub repositories.
- Deployed the site on GitHub Pages with clean UI, smooth navigation, and mobile-friendly design.

**Foodie-Website Delivery & Ordering** **Aug-Sep 2025**

- Built a responsive food delivery UI using React.js and Vite.

- Developed reusable components and clean, modular frontend architecture.
- Implemented menu filtering, navigation, cart, checkout, contact/mobile app pages.
- Used React Router for smooth page routing.
- Managed code using Git/GitHub and prepared project for deployment.

## **Certifications**

---

- **Full Stack Web Development** from **Slash Mark**, Sep 2025
- **Web development/JavaScript** from **EXCELR** , Aug 2024
- **Programming For Data Analytics** from **L&T**, Mar 2024
- **Data Engineering Foundation** from **L&T** , Aug 2024
- **Analyzing Data with R(DA0151EN)** from **edx** May 2024
- **Visualizing Data with R(DV0151EN)** **edx** May 2024
